## 2006 Sustainable Communities National Conference and Trade Show

FEBRUARY 2-4, 2006 • FAIRMONT CHÂTEAU LAURIER HOTEL • OTTAWA, CANADA

### Guide to the Sustainable Communities Trade Show

<p><b>CMHC N° 4</b> Canada Mortgage and Housing Corporation Rhina Racine, Association Relations Officer 700 Montreal Road Ottawa, ON K1A 0P7 Phone: (613) 748-4631 Fax: (613) 748-2301 Email: rracine@cmhc.ca Web site: www.cmhc-schl.gc.ca</p> <p>Canada Mortgage and Housing Corporation (CMHC) has been Canada's national housing agency for 60 years. It helps Canada maintain one of the best housing systems in the world by ensuring quality, affordable homes and vibrant communities across the country.</p>	<p><b>Canadian Natural Gas Vehicle Alliance N° 23</b> Alicia Milner, Executive Director 45 O'Connor St., Suite 880 Box 150, World Exchange Plaza Ottawa, ON K1P 1A4 Phone: (613) 564-0181 Fax: (613) 566-2026 Email: aliciamilner@rogers.com Web site: www.cngva.org</p> <p>Leading Canada's alternative fuel vehicle industry, the Canadian Natural Gas Vehicle Alliance promotes cleaner transportation options. Natural gas reduces greenhouse gas emissions and decreases harmful pollutants from light-duty vehicles, medium- and heavy-duty trucks, refuse haulers and transit buses.</p>	<p><b>CH2M Hill N° 12</b> Ann Duffy, VP, Sustainable Development 4720 Kingsway, Suite 2100 Metro Tower II Burnaby, BC V5H 4N2 Phone: (604) 439-2354 Fax: (604) 684-3292 Email: ann.duff@ch2m.com Web site: www.ch2mhillcanada.com</p> <p>CH2M HILL provides engineering, construction, operations and consulting services, focusing on water, environment, energy, transportation, construction and telecommunications. It is committed to enhancing the natural and built environment and contributing to the well-being of communities worldwide.</p>	<p><b>EcoLog ERIS and HazMat Management N° 45</b> Lee Scarlett, Sales Manager 12 Concorde Place, Suite 800 Toronto, ON M3C 4J2 Phone: (416) 510-6821 Fax: (416) 510-5133 Email: lscarlett@ecologeris.com Web site: www.ecologeris.com www.hazmatmag.com</p> <p>ERIS (Environmental Risk Information Services) is a national database service that provides specific environmental information on addresses and businesses across Canada. It includes an award-winning bi-monthly magazine, providing in-depth analysis of current environmental performance, emergency response, safety and waste management issues.</p>
<p><b>Canadian Model Forest Network N° 10</b> Natural Resources Canada, Canadian Forest Service 580 Booth St., 7D9 Ottawa, ON K1A 0E4 Phone: (613) 992-4874 Fax: (613) 992-5390 Email: modelforest@nrcan.gc.ca Web site: www.modelforest.ca</p> <p>The Canadian Model Forest Network (CMFN) brings together diverse views on how to manage forest landscapes. CMFN partnerships include industry, governments, Aboriginal communities and environmental groups. These partnerships attempt to balance today's demands with the needs of future generations.</p>	<p><b>Carmanah Technologies Inc. N° 3</b> Richard Thorne, Business Development Manager, Eastern Canada 1502-222 Queen St. Ottawa, ON K1P 5V9 Phone: (613) 238-8550 Fax: (613) 238-5519 Email: rthorne@carmanah.com Web site: www.carmanah.com</p> <p>With more than 250,000 installations worldwide, Carmanah Technologies Corporation manufactures renewable and energy-efficient technologies, including solar-powered LED lights, solar power systems and LED illuminated signs. The industrial, marine, aviation, transportation, recreational and point-of-purchase markets use Carmanah's products extensively.</p>	<p><b>CLEARFORD N° 16</b> Marlo Slipacoff, Director of Marketing 236 Westbrook Rd. Carp, ON KOA 1L0 Phone: (613) 831-9906 Fax: (613) 831-0669 Email: info@clearford.com Web site: www.clearford.com</p> <p>Since 1985, CLEARFORD has researched, refined and patented the small diameter gravity sewer concept into the Small Bore Sewer™ (SBS™) technology. This technology meets stringent requirements for Canadian settings, including design adaptations for weather and frost conditions.</p>	<p><b>Environment Canada N° 19</b> Chantal Duhaime 105 McGill Montreal, QC H2Y 2E7 Phone: (514) 283-2837 Fax: (514) 496-6982 Email: chantal.duhaime@ec.gc.ca Web site: www.ec.gc.ca/cleanair-airpure</p> <p>The smoke released from a wood stove contains more than 100 different toxic pollutants, and 29 per cent of particulate matter emissions in Canada comes from this smoke. You can improve your wood burning practices and reduce toxic emissions.</p>
	<p><b>Community Energy Association N° 8</b> Laura Porcher, Executive Director 248 Robertson St., Victoria, BC V8S 3X5 Phone: (250) 598-4034 Email: lporcher@communityenergy.bc.ca Web site: www.communityenergy.bc.ca</p>	<p><b>NPRI N° 17</b> Environment Canada / National Pollutant Release Inventory Annie-Sylvie Desaulniers, Head, Info Products and Internet 351 St-Joseph Blvd. Gatineau, QC K1A 0H3 Phone: (819) 994-9558 Fax: (819) 953-9542 Email: annie-sylvie.desaulniers@ec.gc.ca</p> <p>The NPRI provides information on the release, disposal and recycling of key pollutants, done by thousands of facilities and hundreds of industries in Canada. It is the only national, legislated, publicly accessible inventory of its kind.</p>	

**How to use this guide**  
Refer to the list of exhibitors, arranged in alphabetical order, to find the companies and organizations involved in this year's trade show, their booth number, contact person and profile. Or browse the guide to discover all the innovations available to help you manage and improve municipal services.  
Visit the Sustainable Communities Trade Show. Discuss your specific needs and challenges with municipal suppliers.

**See Exhibitor Floor Plan on Back Page**

**CPPIC** **N° 18**

Environment Canada / National Office of Pollution Prevention

Noha Fuad and Harmony Madill  
Program Coordinators  
351 St-Joseph Blvd., 13<sup>th</sup> Floor  
Gatineau, QC K1A 0H3  
Phone: (819) 997-3714  
Fax: (819) 953-7970

Email: noha.fuad@ec.gc.ca  
Web site: www.ec.gc.ca/cppic

The federal government believes that pollution prevention is the most effective way to protect our environment, eliminate costly waste and promote sustainable development. Environment Canada's National Office of Pollution Prevention offers resources and support for community pollution prevention initiatives and programs.

**ESRI Canada** **N° 29**

Rowland Taylor  
1600 Carling Ave., Suite 710  
Ottawa, ON K1Z 1G3

Phone: (613) 234-2103; 1-800-447-9778  
Fax: (613) 234-6288  
Web site: www.esricanada.com

ESRI Canada specializes in geographic information systems (GIS), providing organizations with complete solutions based on the world's leading GIS technologies. It also provides training, technical support and enterprise GIS implementation services. It has 13 regional offices, with headquarters in Toronto.

**FCM-ACT** **N° 6**

Affordability and Choice Today  
Sharon Margison, Manager, ACT  
24 Clarence St.  
Ottawa, ON K1N 5P3  
Phone: (613) 907-6242  
Fax: (613) 244-1515  
Email: smargison@fcm.ca

ACT projects have been contributing to housing affordability and sustainable development since 1990. Visit ACT's booth to hear lessons learned and learn about solutions in changing municipal regulations and advancing sustainable development in practice.

**FCM-CSCD** **N° 5**

Centre for Sustainable Community Development  
Paul Gregory, Community Outreach Officer  
24 Clarence St.  
Ottawa, ON K1N 5P3  
Phone: (613) 241-5221  
Fax: (613) 241-1515  
Email: pgregory@fcm.ca  
Web site: www.sustainablecommunities.ca

The CSCD helps municipal governments invest in green infrastructure by offering financial services and resources to improve environmental performance and reduce greenhouse gas emissions. Learn about sustainable community development, the Green Municipal Funds, Partners for Climate Protection and more.

**Five Winds International** **N° 35**

Kevin Brady, Director  
1306 Wellington St., Ste. 300  
Ottawa, ON K1Y 3B2  
Phone: (613) 722-6629  
Fax: (613) 722-0574  
Email: k.brady@fivewinds.com  
Web site: www.fivewinds.com

**GE Jenbacher** **N° 13**

Jan Buijk, Sales Manager  
17 Eder Trail  
Minesing, ON L0L 1Y3  
Phone: (416) 804-2203  
Fax: (416) 352-5868  
Email: buijkjan@ddace.com  
Web site: www.gejenbacher.com

GE's Jenbacher engines run on either natural gas or a variety of other gases, such as biogas, landfill, coal mine, sewage or combustible industrial waste gases. GE's Jenbacher is one of few products in the world that focus exclusively on gas engine technology.

**Heritage Canada Foundation** **N° 32**

5 Blackburn Ave.  
Ottawa, ON K1N 8A2  
Email: heritagecanada@heritagecanada.org

**High Performance Energy** **N° 26**

P.O. Box 531  
Halifax, NS B3J 2R7  
Phone: (902) 483-0483

**Infrastructure Canada** **N° 1**

Johanne Valcourt, Communications Officer  
90 Sparks St., Suite 920  
Ottawa, ON K1P 5B4  
Phone: (613) 948-8127  
Fax: (613) 948-9138  
Email: valcourt.johannem@infrastructure.gc.ca  
Web site: www.infrastructure.gc.ca

Infrastructure Canada leads the implementation of the "New Deal for Cities and Communities" and supports infrastructure investments across the country. It provides information on infrastructure programs, projects and research, and how the New Deal's long-term vision will support cities and communities.

**Jacques Whitford** **N° 31**

Don Grant, Senior Consultant  
2781 Lancaster Road  
Ottawa, ON K1B 1A7  
Phone: (613) 738-0708, ext: 269  
Fax: (613) 738-0721  
Email: don.grant@jacqueswhitford.com  
Web site: www.jacqueswhitford.com

Jacques Whitford is focused on providing sustainable environmental, engineering, scientific and training solutions to municipalities in all areas. It has more than 50 LEED and Natural Step trained professionals available to help in all regions of Canada.

**Johnson Controls** **N° 15**

Siobhan Baker, Account Executive, Public Sector  
30 Edgewater St., Unit 108  
Ottawa, ON K2L 1V8  
Phone: (613) 831-7671, ext. 223  
Fax: (613) 836-3106  
Email: siobhan.m.baker@jci.com  
Web site: www.johnsoncontrols.com

Johnson Controls helps municipalities improve their budget position, renew their facilities infrastructure, reduce the environmental impact of their facilities and provide healthy, secure and comfortable environments by delivering high performance, sustainable, infrastructure development and management.

**Making Waves** **N° 22**

Pam Lahey, Marketing Coordinator  
61B Eby St.  
Kitchener, ON N2G 3K9  
Phone: (519) 578-4561  
Fax: (519) 575-9153  
Email: pam.lahey@rogers.com

Making Waves is Canada's national community economic development magazine and a resource for best practices in sustainable community economic development (CED). It publishes four times a year reaching academics, practitioners working in the social economy arena, government officials and non-profits.

**CCIAD** **N° 11**

Natural Resources Canada / Climate Change Impacts and Adaption  
Christine Langham, Communications Advisor  
601 Booth St, Rm. 116  
Ottawa, ON K1A 0E8  
Phone: (613) 943-8199  
Email: langham@nrcan.gc.ca  
Web site: www.adaptation.nrcan.gc.ca

CCIAD is a national initiative to improve knowledge of Canada's vulnerability to climate change, to better assess the risks and benefits posed by climate change and to build the foundation upon which to make appropriate decisions on adaptation.

**ENERGY STAR™** **N° 40**

Natural Resources Canada  
580 Booth St., 12<sup>th</sup> Floor  
Ottawa, ON K1A 0E4  
Web site: www.oe.nrcan.gc.ca/energystar

The international symbol ENERGY STAR™ identifies the most energy-efficient products on the market. In Canada, ENERGY STAR™ products fall into several product categories: office equipment; appliances; heating, ventilating and cooling equipment; consumer electronics; lighting; signage; and commercial and industrial equipment.

**FleetSmart** **N° 43**

Natural Resources Canada / FleetSmart Program  
580 Booth St., 12<sup>th</sup> Floor  
Ottawa, ON K1A 0E4

The FleetSmart booth will offer fleet managers advice on how energy-efficient vehicles and business practices can reduce operating costs, improve productivity, benefit the environment and increase competitiveness. It will also provide information on rebate programs, technical workshops and driver training programs.

**OEE (Corporate)** **N° 39**

Natural Resources Canada / Office of Energy Efficiency  
580 Booth St., 12<sup>th</sup> Floor  
Ottawa, ON K1A 0E4

OEE is the leading one-stop shop for energy efficiency, with 17 programs covering everything from energy-efficient designs in industries to smart fuel management in public transit. Visit the OEE booth to find out why energy efficiency makes good environmental business sense.

**One-Tonne Challenge** **N° 38**

Natural Resources Canada / One-Tonne Challenge  
580 Booth St., 12<sup>th</sup> Floor  
Ottawa, ON K1A 0E4

The One-Tonne Challenge asks Canadians to reduce their annual greenhouse gas (GHG) emissions by one tonne by using less energy and conserving water and resources. Its booth will provide a tonne of tips on how to reduce GHG emissions.

**Personal Vehicle** **N° 42**

Natural Resources Canada / Personal Vehicle  
580 Booth St., 12<sup>th</sup> Floor  
Ottawa, ON K1A 0E4

The booth will provide municipalities with information, tools and resources to encourage the public to embrace fuel-efficient vehicle purchasing, driving and maintenance practices. The information will help municipalities educate their communities on the impact vehicles have on air quality and climate change.

**REDI** **N° 41**

Natural Resources Canada / Renewable Energy Deployment Initiative  
580 Booth St., 12<sup>th</sup> Floor  
Ottawa, ON K1A 0E4

**New Society Publishers** **N° 20**

Judith Plant/Chris Plant  
Publishers  
P.O. Box 189  
Gabriola Island, BC V0R 1X0  
Phone: (250) 247-9737  
Fax: (250) 247-7471  
Email: judith@newsociety.com  
Web site: www.newsociety.com

New Society Publishers' mission is to publish books that contribute in fundamental ways to building an ecologically sustainable and just society, and to do so with the least possible impact on the environment and in a manner that models that vision.

**CSIR** **N° 2**

NRC Centre for Sustainable Infrastructure Research  
David Hubble, Manager  
6 Research Drive, Ste. 301  
Regina, SK S4S 7J7  
Phone: (306) 780-3208  
Fax: (306) 780-3421  
Email: david.hubble@nrc-cnrc.gc.ca  
Web site: http://irc.nrc-cnrc.gc.ca/csir

The CSIR develops technologies and decision support tools to address the economic, social and environmental aspects of infrastructure sustainability. Its partners include the University of Regina's Centre for Sustainable Communities, the City of Regina, Communities of Tomorrow and industry.

**Plastics Solutions Canada Inc.** **N° 33**

Phil Ragan, Director of Market Development  
476-120<sup>th</sup> Street  
Delta, BC V4C 6P5  
Phone: (604) 323-4743  
Fax: (604) 882-4793  
Email: pragan@degradableplastics.com  
Web site: www.ecosafepastics.com

EcoSafe™ and EcoDegradable™ Plastics are "Products for a Sustainable Earth". Once throwaway plastics are disposed, they last for decades. Amazingly, these products can be made to safely degrade and biodegrade, returning to the natural bio-cycle as a food source for microorganisms.

**Puzer Canada** **N° 28**

Kerry LeBreton, Sales/Marketing Manager  
129 Jefferson Ave.  
Toronto, ON M6K 3A4  
Phone: (416) 536-2488  
Fax: (705) 692-0566  
Email: klebreton@puzer.ca  
Web site: www.puzer.com

Puzer's X-Mit is the answer to sustainable waste management in urban communities. X-Mit is a Vacuum Waste Tube Transportation System, a simple conveying system designed to transport and separate municipal solid waste within a district, a development or a building.

**Raymond Chabot Grant Thornton Consulting Inc.** **N° 30**

2505 St. Laurent Blvd.  
Ottawa, ON K1H 1E4  
Phone: (613) 236-2211  
Fax: (613) 236-6104

**RIVA Online** **N° 9**

Dan Kaloutsky, Director of Business Development  
2272 Bloor St.W.  
Toronto, ON M6S 1N9  
Phone: (416) 767-0265  
Fax: (416) 767-3146  
Email: dkaloutsky@rivaonline.com  
Web site: www.rivaonline.com

RIVA provides all the tools an organization needs to perform strategic, long-range asset management. It allows you to plan the complete lifecycle of any type of asset and then look at priorities and schedules across asset types.

**Royal Netherlands Embassy** **N° 21**

Hanneke Kal  
350 Albert St., Suite 2020  
Ottawa, ON K1R 1A4  
Phone: (613) 237-5030, ext: 229  
Fax: (613) 237-6471  
Email: hanneke.kal@minbuza.nl  
Web site: www.netherlandsembassy.ca

The Royal Netherlands Embassy booth provides a showcase of Dutch innovation. The Dutch are front-runners when it comes to sustainable energy, sustainable building and innovative technologies, such as turning city waste into energy. Visit us and make the Dutch connection.

**SAIC Canada** **N° 27**

Bill Wong, Program Manager  
335 River Road  
Ottawa, ON K1A 0H3  
Phone: (613) 991-1840  
Fax: (613) 991-1673  
Email: bill.wong@saiccanada.com

In partnership with IF Technology International, SAIC Canada, a leading consulting and project delivery firm specializing in solar power and energy storage technologies, is committed to implementing innovative renewable energy solutions that will reduce facility operating costs and greenhouse gas emissions.

**SustaiNet Software Solutions Inc.** **N° 24**

Howard Adam, President  
100-740 Nicola St.  
Vancouver, BC V6G 2C1

Phone: (604) 717-4327  
Fax: (604) 736-9531  
Email: info@sustainet.com  
Web site: www.sustainet.com

SustaiNet is the North American software distributor of environmental information management and stakeholder engagement management systems. These systems provide those responsible for environmental and community consultation with information that is efficiently recorded, centrally stored, secure, and easily accessible and reported on.

**The Corporation of the City of Kingston** **N° 25**

Joe Davis, Senior Project Manager - Brownfields  
216 Ontario Street  
Kingston, ON K7L 2Z3  
Phone: (613) 546-4291  
Fax: (613) 384-7758  
Email: jdavis@cityofkingston.ca  
Web site: www.cityofkingston.ca

History and innovation thrive in the City of Kingston, Canada's first capital city and the resting place of Sir John A. MacDonald. Kingston boasts a successful Brownfields Incentive program, a municipal LEED Building Program and SWITCH, an alternative energy innovation cluster.

**The Natural Step Canada** **N° 14**

Kelly Baxter, Executive Director  
43 Eccles St., 2<sup>nd</sup> Floor  
Ottawa, ON K1R 6S3  
Phone: (613) 748-3001  
Fax: (613) 748-3372  
Email: info@naturalstep.ca  
Web site: www.naturalstep.ca

The Natural Step Canada is a non-profit organization that helps communities take meaningful steps toward sustainability. The Natural Step provides a clear, compelling, science-based definition of sustainability, and a practical strategic planning framework to help organizations move toward their sustainability goals.

**Tree Canada** **N° 44**

Michael Rosen  
Vice President  
222 Somerset St.W., Ste.420  
Ottawa, ON K2P 2G3  
Phone: (613) 567-5545  
Fax: (613) 567-5270  
Email: mrosen@treecanada.ca  
Web site: www.tcf-fca.ca

Tree Canada has helped over more than 350 communities through: Green Streets Canada, Operation ReLeaf tree disaster programs, the Canadian Urban Forest Conference and Grow Clean Air. It plans to certify this FCM conference as a carbon neutral event by planting 1,133 trees in the spring of 2006.

**TREMCO Weatherproofing Technologies Canada** **N° 34**

Bill Corrigan, Manager, Public Sector Program  
215 Wicksteed Ave.  
Toronto, ON M4H 1G7  
Phone: (905) 592-7436  
Email: bcorrigan@tremcoinc.com  
Web site: www.tremcoroofing.com
